

STEMI Alert and Incident Drill-down

When EMS Medical Directors requested notifications for all STEMI's within their jurisdictional area—our savvy EMS customers turned to FirstWatch! Now real-time STEMI data views, incident drill downs, maps, charts are generated on the fly and automated alerts are sent out as soon as STEMI criteria is met, as defined within their system. Further evolution of the STEMI Trigger could include automated notifications of Hospital ED and Catheterization Lab teams.
