The evolution of Academy Analytics by FirstWatch

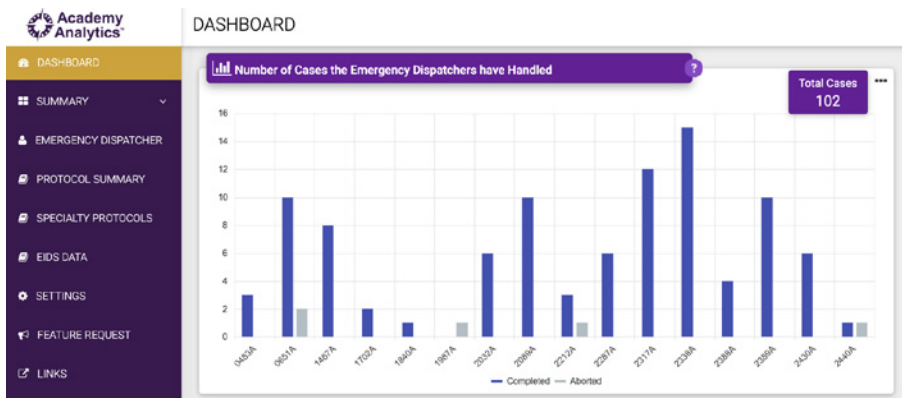

Academy Analytics by FirstWatch is the result of a collaboration between FirstWatch and the International Academies of Emergency Dispatch (IAED) to provide near-real-time web-based dashboards and analytics for ProQA users, while also enabling ground-breaking research by the IAED.

FirstWatch has partnered with the IAED and Priority Dispatch since 2002, monitoring 63 million+ ProQA records (more than 41 million via Academy Analytics). Now, agencies using ProQA can benefit from near-real-time analytics quickly and easily by adding Academy Analytics to their ProQA system.
